IV. EXCESS CONTRIBUTION ELECTION

Amount of excess: \$ _____ Tax year for which excess contribution was made: _____

Earnings will be removed with the excess contribution if corrected before the federal income tax-filing deadline (including extensions), pursuant to Internal Revenue Code Section 408(d)(4) and Internal Revenue Service ("IRS") Publication 590. The IRS may impose a 10% early distribution penalty on the earnings if you are under age 59½.

For the purpose of the excess contribution, we will calculate the net income attributable to that contribution (Net Income Attributable or "NIA") using the method provided by IRS Notice 2000-39. This method calculates the NIA based on the actual earnings and losses of the IRA during the time it held the excess contribution. Please note that a negative NIA is permitted and, if applicable, will be deducted from the amount of the excess contribution. You must file IRS Form 5329 to report the excise tax.

Excess contributions (plus or minus the NIA) that are distributed by your federal income tax return due date (plus extensions) will be considered corrected, thus avoiding an excess contribution penalty. You may be subject to an IRS penalty of 6% for each year the excess remains in the account.

A. The excess is being corrected before your federal income tax-filing deadline (including extensions):

- Remove excess plus/minus net income attributable. Distribute according to my instructions in section VI Mailing Instructions.
- Remove excess plus/minus net income attributable. Re-deposit as a *current year* contribution.

B. The excess is being corrected after your federal income tax-filing deadline (including extensions).*

- Remove Excess and distribute according to my instructions in section VI Mailing Instructions.
- Remove Excess and re-deposit as a *current year* contribution.

*Earnings on the excess contribution will remain in the account. If you are trying to correct an excess of non-deductible contributions after your federal income tax-filing deadline, please see IRS Publication 590 or consult a tax advisor for additional information.

C. Redesignating an excess contribution to a later tax year. Please consult a tax advisor to review your specific situation and to determine your best course of action. If you should decide to carry over the excess contribution to a later year, DO NOT return this form to us.

VII. WITHHOLDING ELECTION

A. Federal Withholding

Federal income tax will be withheld at the rate of 10% from any distribution, subject to the IRS withholding rules, unless you elect or have previously elected out of withholding. Tax will be withheld on the gross amount of the payment even though you may be receiving amounts that are not subject to withholding because they are excluded from gross income. This withholding procedure may result in excess withholding on the payments. If you elect to have no federal taxes withheld from your distribution, or if you do not have enough federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax

payments are not sufficient. If you are completing this form, your below election will remain in effect until such time as you make a different election in writing to the IRA custodian.

Please select one of the following:

- Do not withhold federal income tax
- Withhold 10% federal income tax
- Withhold _____% federal income tax (must be more than 10%)

B. State Withholding

Your state of residence will determine your state income tax withholding requirements, if any. Those states with mandatory withholding will require state income tax to be withheld from payments if federal income taxes are withheld. Voluntary states let individuals determine whether they want state taxes withheld. Some states have no income tax on retirement payments. Please consult with a tax advisor or your state's tax authority for additional information on your state requirements.

- I elect **TO NOT** have state income tax withheld from my retirement account distributions (only for residents of states that do not require mandatory state tax withholding).
- I elect **TO** have the following dollar amount or percentage from my retirement account distribution withheld for state income taxes (for residents of states that allow voluntary state tax withholding). \$ _____ or _____ %
